

# How to Keep our Customers & Technicians Safe

## Do

- ✓ Maintain a two metre distance at all times
- ✓ If the treatment/inspection is indoors, ensure the room is well ventilated and windows are open
- ✓ Wear a mask if medically fit to do so. Our staff will also be wearing a mask as standard
- ✓ Ensure that you notify us and reschedule if anybody in the household develops a high temperature, continuous cough, or change in taste or smell
- ✓ Use sanitiser. Our staff may ask for your signature and will provide hand sanitiser before and after signing

\*our technicians will leave the job if they feel they can't maintain their own, or our customers, safety
